

# GREEN TOILET

## Light

# GREEN TOILET LIGHT IS A URINE SEPARATING DRY TOILET

Green Toilet Light is a urine separating dry toilet that requires no water or electricity. The Green Toilet Light is completely odorless, preventing unpleasant smells by separating urine and solid waste directly in the seat. This makes it an ideal solution for holiday homes and summer cottages, especially for a family use.

Installation is a breeze, as the Green Toilet Light can be easily placed on a flat surface both indoors and outdoors. The toilet also includes a comfortable soft hinged thermal seat, perfect for use in colder spaces.

With its innovative design and ease of use, the Green Toilet Light is a sustainable and practical solution for anyone looking for a reliable and eco-friendly toilet solution.

## *Odorless!*

The Green Toilet Light is odorless and pleasant to use because of urine separation.

## *Easy service!*

The dry toilet is easy to service from the backside without any special tools needed.

## *Soft & Warm!*

A hinged black thermal seat is there to guarantee a nice use of the Green Toilet even in cold space.
